chorage in the river. However this may acted as starter and judge.

be, the larger scheme has been decided on funds collected for it by the levying of special dues on the trade of the port were to be applied to the improvement of the existing harbour, but this has been authoritatively contradicted. The shipping trade has shown a healthy increase during the last few years and further accommodation for it is ur. gently needed. The increase may reasonably be expected to be much greater during the next few years, for the abolition of the Government monopoly tobacco cannot fail to give a great impotus to the general trade of the country as well as to the tobacco interest itself. abolition will take effect from the 1st July of the present year. A powerful syndicate has been formed in Spain which purposes investing a capital of some £3,000,000 in planting enterprise, and private individuals are making-preparations for entering the field. Great things are expected in Manila from the new posing that the expectations will be disappointed. Tobacco planting has not flourtrue, but the trade has grown from year ing the restriction of the Government monopoly, and it can hardly fail to prosper under apparent reason for anticipating that we to represent the Government." shall ever hear of tobacco estates lying NORTHERN & Mesers. Hall & Holtz and Kelly unworked in the Philippines as they are in Java. The extension of planting enterprise the crew of a Japanese junk which he found will open up new districts, and possibly before ddrift in the North Pacific Ocean, was yesterday many years have gone by railways may be the recipient of a handsome testimonial from the of intermittent and desultory discussion. but with the new order of things it may possibly enter the list of projects seriously entertained. Farther improvements wil no doubt follow. Amongst other things

> SUPREME COURT 6th February

SUMMARY JURISDICTION: BEFORE ME. JUSTICE- RUSSELL.

D'ALMADA V. WONG LOY, \$300. Mr. Wotton appeared for the plaintiff and Mr. Johnson for the defendant.

This case has been adjourned from time to time. The plaintiff, Mrs. d'Almada, had let to the defendant a garden lot at Kowloon to be. re-entry. The plaintiff brought the present sotion to recover compensation for damage done to trees. Mr. Ford had estimated the damage at with the Jows in Russia. \$15, and that amount must be paid to the plaintiff. The question of re-entry was left over, but his Lordship recommended that the defendant should weath the ground at the end of the month. He allowed the plaintiff costs of court, but said he would not allow her other costs; because he thought she had made an unconscionable claim.

POLICE COURT. 6th February, BAFORE MR. H. E. WODEHOUSE.

DRUNKENNESS, &c. Tecumsek, was fined 50 cents for having been also ordered to pay 10 cents amends to a chair coolie for having damaged his chair. George Rob son, of the same ship, was fined

torn the uniform of P.C. 564. ALLEGED FALSE PRETENCES.

Wong Akwai, coolie, was convicted of having and uncalled for. sentenced to six weeks' imprisonment.

ON PREMISES WITH INTENT. Li Asing, painter, was charged on remand with having been on the promises of Mr. C. P. Chater, in Caine road, for the purpose of committing a felony, on the lat instant. mises by a chair co lie in his employ, and he made probable is that the Central Government is believe, a story to him that he wanted to see one Cheung | chiefly concerned to make the foreign drug yield | Japanese Government paper is improving, to-

HE OPIUM QUESTION IN ENGLAND AND CHINA.

The opium question is gradually becoming a prominent one alike in London and Peking; in the former because certain persons have taken it up as the latest humanitarian crare in the latter because it is intimately connected with the revenue. In the English metropolis the wild assertions of the Anti-Opium Laugue have lately received two staggering blows, from the effect of which they will find it difficult to recover. The good folks who are so fond of airing cheap philanthropy have for some years, by the Ownes Edwards, semman of the American ship aid of pamphlets and speeches at public meet ings, been labouring, with an ardour worthy of drunk and disorderly on the 5th instant, and was a better cause, to impress upon the British public the fearful enormity of which the nation is guilty in suffering the Indian Government to force upon " unwilling China a noxious and similar sum for having been drunk and dis. poisonous drug, which they dare gravely to assert was ordered to pay another 50 cents for having plunging them into poverty, and inflicting untold evil upon them. Dr. Birdwood, formerly of Hobert Vassel, seaman of the American ship Bombay, in an able and dispassionate letter to Alden Bessie, was also fined 50 cents for having The Times, has effectually disposed of the random been drunk and incapable in the street on Sunday. and exaggerated statements about the permissions offects of the drug, which he shows to be pesimand, with baving obtained by false pretences, six and much less baneful than alcohol even when country was abeliabed some time ago, cases—this Gevernment was to be severed. Your personal plains of the police intrucing into his percohial side of the question, Sir Rotherford Alcock, the native press. Very recently a man named has been uniformly courteous and pleasant. I connection with a bazoar, although they were formerly British Minister in China, in a tem Midsutani, of Imbe-gori, Iso, was accested on thank you for the expression of your good will, assured that it was not a League meeting. THE "JEANNETTE" EXPEDITION. NEW YORK, December 27th. The Herald's St. Petersburg special says :-To arrive at the mouth of the Lens, the boats of the shipwrocked Jeannette must have passed between New Siberia and the Island of Fadiwskai, which is inhabited only during the Summer by Nomads, who arrive at the close of the Winter course was Lille Petite and the Island of Hol boyoi. The distance is about 500 miles from the locality of the shipwreck to the mouth of the Lens. These islands are situated in the most. dreary and desolate part of the Coast of Northern Siberia. The whole Coast was last visited and described by Lieut, Pietre Angon in 1823; that these vast regions, compring a distance of hun. dreds of miles along the coast, were explored in 1735 and 1736 by Lieutenant Proutschischoff and at their farthest extremities by Lientenant Dimtire Lapleff in 1739. The place where boat number 3 landed is situated between the graves of Lieutenant Lassinius, who perished in 1735. with thirty-five of his companions, and that of Lieutenant Proutschischeff and his wife, who perished in 1736. From this point to Yakitsk of the foundered steamship Koning der Neder. the distance is more than a thousand miles, landen. The Surabaya Courant states that the through a desert country, completely destitute

> NEW POLAR EXPEDITION. NEW YORK, January 3rd.

The Herald's St. Petersburg special says :--

The Russian expedition to the mouth of the Lens River, organized by the Imperial Society of Geography, which left St. Petersburg on the 28th of December, will pass a year on the coasts of the frozen ocean. In sending this expedition, the Society fulfils an obligation contracted toward the International Polar Commission. The following States will take part in the enterprise: Austria, one station at Jan Mayen Island; England, one station at Fort Simpson ; Germany, two stations one on the Gulf of Georgia, the by the Achinese at the opining of a mosque built other at a place not yet decided upon in the region of the North Pole : Denmark, one station on the western Coast of Greenland; Norway, one station at Altengaard, in the Province Achinese were efterwards treated to a grand of Finmark : Bussia, one station at the mouth feast, rice and meat being the principal dishes. of the Lera; the United States, two sta-By last advices, to the 29th December, the Acheen tions—one at Point Barrow, on the east of river was in flood, the neighbour of the Kraton Behring Straits, the other at Lady Franklin Bay, Greenland-the latter being already in operation; France, one station at Apiticbern. Emirne, on leaving Batavia roads for Singapore, There are nine other stations in the Arctic regot agreund on Neptunus shoal at the entrance gions, and two in the Antarctic regions. There to the readstead at that port. She became so is every reason to believe that there will be one, or even two additional Arcitic statious. lightened of cargo, she could not be floated off These may swell the list of persons engaged to until the 28th December, when she was drawn over 200, all taking active part in this enterfrom the shoal by the united efforts of five prise, which will cost, altogether, upward of a steamboats appertaining to the Batavia berbour million roubles. If it be considered that besides works flotilla. On being docked afterwards at all this magnetic observation in more southern Ourust and examined by a commission of experts, regions will be immensely stimulated, for importance and costliness and enterprise will be fully appreciated. One Russian expedition will undertake the heaviest part of the work. It will have to traverse about 6,530 miles, and establish itself in an exceptionally cold region at the mouth of the Lena. The other to the place where the lowest temperature in the world has been noted. In January the average Temperature is 40 ° below zero, the point at which mercury freezes. The gratest precautions will. therefore, have to be taken to prevent the members of the expedition from losing their lives. It may be presumed that fortunately the crews of the Jeannetts boats, who were all living at the and of October, according to the rows of them received a fortnight ago at Irkutsk, will have been transported ere this to a more hospituble climate, by the people with whom they had taken refuge.

SCIENTIFIC EXPLORATIONS IN NEW MEXICO. NEW YORK, January lat: The Tribune says: - The discovery of adeserted. Smithsonian Institute exploring party during its researches in New Mexico and Arizona in the past season. This is by far the most important find yet made among the ancient baunts of the cliff dwellers. Some of the houses contain four or five dwellings, one on top of the other, and on the plateau above the cliff were found many rains of temples of worship, built or well-out square-stones. A comparison of the collections of pottery and implements gathered in the slift houses by the exploring party, with those obtained in the Pueblovillages, strengthens the theory that the Pachlo Indians are the degenerate descendants of the once powerful race that built the ruined cities of the plains, and then retreating before some more warlike race jarved out these singular dwellings on the sheer walls of dizzy precipioes, and found in them it may be for The P.
